Citrix Selects Sigma Solutions' Adam Gamble as 2014 Partner SE of the Year

SAN ANTONIO — May 29, 2015 — Sigma Solutions is proud to announce that Adam Gamble has been awarded Citrix 2014 Partner SE of Year for the Central United States. Each year Citrix channel managers nominate partner Systems Engineers who support the Citrix Channel Operations team to recognize the best Citrix engineers in the country. Adam is one of only twelve who were recognized and was selected for the Central USA region which includes 17 states: TX and LA in the south up to IL, WI, and MN in the north. This award recognizes his Citrix expertise out of all the Citrix partners in the Central US.

“This award highlights our commitment to promoting education and development for our employees,” said Robert Sargeant, vice president, Professional Services, Sigma Solutions. “We rely on the depth and breadth of our employees’ knowledge to offer our customers the highest level of technical expertise. Adam’s recognition as an expert and influencer from Citrix illustrates Sigma’s extensive capabilities within our Citrix practice.”

Sigma is driven to nurture and support its employees’ passion for knowledge. In addition to Adam’s award, Sigma’s Sr. Consulting Engineer Michael Herff recently assisted Citrix in writing their NetScaler prep guides Sigma’s professional services teams holds countless certifications across all of our key partner brands.

Citrix is leading the transition to software-defining the workplace, uniting virtualization, mobility management, networking and SaaS solutions to enable new ways for businesses and people to work better. Citrix solutions power business mobility through secure, mobile workspaces that provide people with instant access to apps, desktops, data and communications on any device, over any network and cloud.

About Sigma Solutions

Sigma Solutions is the solutions integrator of choice for companies needing a technology partner that easily transitions from the strategy of the executive suite to the operations of the data center.
