## **Sigma Solutions Wins NetApp Central Flash Partner of the Year**

**SAN ANTONIO** — Nov. 20, 2014 — Sigma Solutions today announced that it was named NetApp's Central Flash Partner of the Year at Insight 2014 held in Las Vegas, NV. This award recognizes the top business partner in the Central US that has made significant investment, support and sales surrounding NetApp's flash solution. Additionally, Sigma was nominated as a finalist for NetApp Central Partner of the Year.

"We are honored to be chosen as NetApp's Central Flash Partner of the Year. As a NetApp STAR partner, we have reinforced our position as the solution provider of choice by delivering un-paralleled NetApp solutions and services that our customers require to optimize their storage environment," said Mike Moates, vice president of sales, Sigma Solutions. "Combined with our continued investments in pre and post sales engineering we continue to experience significant growth in the NetApp Flash Storage arena."

NetApp developed the partner awards program to recognize leading partners for their year-over-year business growth and the ability to integrate new and emerging technology into their customer ecosystem.

"We would like to congratulate Sigma on its award for Central Flash Partner of the Year," said Regina Kunkle, vice president, America's Channel, NetApp. "Sigma's hard work and expertise has resulted in tremendous growth across all segments. Sigma and their principal architect, Chris Norris, have been instrumental in testing and scoping our flash strategy."

On Monday, October 27th, NetApp partners were recognized at an exclusive reception to celebrate and honor the contributions of NetApp's partners and their joint customers. Together, Sigma and NetApp provide customized storage and data center solutions that allow customers to quickly scale to meet their ever-increasing data needs. As part of an exclusive group of national partners that hold the Authorized Service Provider (ASP)

designation within NetApp, Sigma also offers first call support, assessments and managed services.

Additionally, Sigma's Principal Architect, Chris Norris, recently presented at NetApp Insight in Las Vegas and NetApp Insight Berlin on NetApp and the Object-Based Storage and Archiving Competitive Landscape as well as a technical presentation on the Storage Grid.

### **About NetApp Insight**

Insight is NetApp's annual technology conference devoted to storage and data management professionals, including system engineers, professional services consultants, channel partners and customers.
